

## **New 700i Series John Deere Trailed Sprayers**

# Take command of the 700*i* sprayers with ISOBUS

**ISOBUS is the international standard for communication between tractors, implements and farm software.** All future leading edge technology will be based on this standard.

Invest for the future with the new John Deere 700*i* Series ISOBUS READY trailed sprayers. Choose either the GS 2100 or the GS 2600 touch-screen display and take full command of your sprayer:

- GS 2 large colour displays
- On-Screen Mapping, As Applied Maps and Spray-to-Map capabilities
- Reconfigurable main page layout functionality with split screen capability
- Enhanced operation with User interface module (GS 2100) or touch screen navigation (GS 2600)
- Easy and fast data transfer with a compact flash card slot and USB port
- Improved reliability and advanced diagnostics

**The full 700 series *i*-package includes:**

- Total control of the sprayer with the GreenStar 2 display
- Guidance software pre-installed
- Documentation included
- GreenStar Sprayer Pro activation included
- StarFire ITC DGPS receiver
- SF1 subscription – free  $\pm$  30 cm correction signal
