## GRAIN COOLING & VENTILATION

### Coolstore Hotspot Spears-

Ideal for targeting Grain lots up to 50T / spear to prevent heating up and insect attack.

### PolyCool Pedestals Systems store Crops safely at least possible cost.

- Prevents Insects from breeding by reducing Grain temperatures to safe level.
- Increase Drier output by cooling with pedestals, not the Drier.
- Energy saving Evolution Fans save up to 70% power costs
- Some Drying Possible

- PolyCool is the Strongest, most flexible Low Volume Ventilation system with least power costs available.
- 'CropCool' Control & Evolution Fan Energy savings Speeds up Cooling & saves 40-70% Power

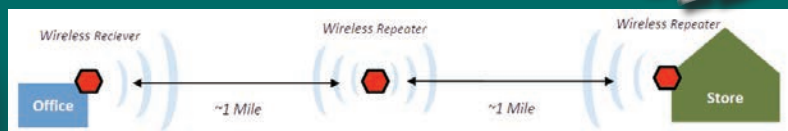

**Evolution** Fans save 70% power costs + . Diff temp Control built-in

**CropCool** Differential Temperature Controller (HGCA recommended)  
**Low cost Portable single ph. system**

CropCool Wireless  
**Remote/Local Monitor &/or on-farm Control**

2/10 AS Insect Bait Traps, 2/10 Pitfall Traps, 2/10 Grain Beetle Attractant,  
2/100 Grain Sample Bags

RRP - **£192.00**

**SPECIAL - £160.00**

## WIRELESS WEATHER STATIONS

Vantage Vue & VP2

### Vantage Vue

Wireless Weather Station

Range Up to 300m

Rainfall, Temp, Humidity, Wind Speed/Direction/Chill,  
Barometer, Forecast/Solar

**Std Unit**

**£285**

**SPECIAL - £275.00**

**inc Data Logger**

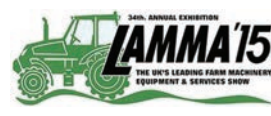

**£415**

**SPECIAL - £395.00**

### RGR202 Wireless Rain & Temperature Gauge

WE SUPPORT

We identify needs with scheme auditors.  
All equipment listed will help meet **Farm Assurance Standards**.

## Bunded Fuel Stations

Comply with 2005 Legislation &  
Farm Assurance Requirements

## Tuffa Plastic Tanks

**Tank sizes** 1,350 litres - 45,000 ltrs  
For standard economy & Bio-diesel

New Fuel Management system + water, Grain driers, Home Heating, Waste Oil

## Bird Scarer 'Bio-Acoustic'

The most effective for:  
**Pigeons** on Oilseed Rape  
**Starlings** in Dairy Units  
**Rooks - Crows - Gulls** etc

**SOLAR  
POWERED  
VERSION**

Solar, Battery or Mains

## CROP STORE & FIELD SAMPLING

### Black Box GrainSampler

Fits onto back of grain bucket.  
It takes a small sample from each  
bucket full as it is tipped. **HGCA  
Tested**, proven very accurate.

**SPECIAL  
DEALS**

### Grain Sampling Spears

Most popular choices

**Lengths:**

1.5m, 2m, 3m

**Apertures:** 1, 4, 8

**Type:** Empty thru' handle  
Concentric or Sequential

**Construction:**

Aluminium, Brass,  
Stainless Steel

**90 different designs**

### Casella Airflow Meter

To Check airflow in  
On-floor & Bin Grainstores

**SPECIAL  
OFFER**

## PRECISION WEATHER INSTRUMENTS

## minibatt SAMPLE HARVESTER

Do you need **Fast, Accurate** 'Crop Sampling'  
in the Field?

**No laborious hand  
rubbing out of samples.**

- **Moisture sampling**  
saves combine travel
- **Segregate Crop in  
Store To increase  
Quality Premiums**

-Hagbergs in Wheat  
-Protein in Wheat  
-Nitrogen in Barley  
- Oil in OSR

**FREE** set of concaves

**SPECIAL  
DEALS  
WITH  
MOISTURE  
METERS**

## SOIL TESTING EQUIPMENT

**Soil Sampling Auger** - Robust

**pH Meter** - Compact, popular easy  
to use for quick assessment

**Soil Compaction Testers**

Dickey-John & Agratronuix

**Soil Moisture Testers**

- 30 or 60 cms length

**Soil Temperature - 004**

125mm length

+ longer lengths available

**Soil Compaction Tester**

Farmers save fuel  
Arable & Grass Land

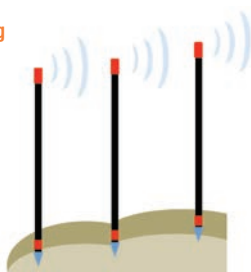

# TEMPERATURE PROBES

## CropCool™

Remote Temperature Monitoring

Wireless Temperature/  
Moisture probes  
No need to walk grain  
to Check temperatures  
Monitor on PC or Laptop

£ POA

## GRAIN WATCH LITE - 1.5M

Fibreglass  
Temperature  
Probe system

- Integral Display
- Battery Saving
- Auto Switch Off

RRP - £129.00

SPECIAL - £99.50

SPECIAL  
OFFER

## STAINLESS STEEL TEMP PROBE - 2.0M

+ Robust Control Box

RRP - £164.00

SPECIAL - £136.00

SPECIAL  
DEALS

## Other Popular Temperature Probes

810-080 Grain Indoor/Out +  
memory/twin display - 2.8m cable probe **£29.00**

004 Potato + Soil Pocket dig, 125mm spike,  
dishwasher proof, liquids, powders **£29.50**

608 Potato, Food + Soil etc 100 cms SS spike  
80 cms cable - 40 deg + 200 degC. **£29.50**

Payment terms and conditions available on request

## MOISTURE METER CALIBRATION

(Check Test) Pack (180 gms)  
Wheat\*, Barley, Oats, Oilseed  
Rape, Peas, Beans, Linseed

\*Suitable for calibrating  
Sinar AP6060 Hardware

£12.00 Any 3 £30.00

# MOISTURE METERS

## UNIMETER DIGITAL XL - For a wide range of UK crops

Moisture Meter - Accurate self contained Grinder, Temperature compensation,  
Carrying case, Excellent value and easy to use.

READY CALIBRATED FOR HARVEST 2014 FOR WHEAT, BARLEY & OSR

RRP - £370.00 SPECIAL - £345.00

## MINI GAC® AND MINI GAC® PLUS GRAIN MOISTURE ANALYZER

The DICKEY-john mini GAC and mini GAC plus  
grain moisture analyzers are the first handhelds  
with "grain trade" accuracy.

mini GAC - for highly accurate moisture testing

RRP - £450.00

mini GAC plus - the ONLY handheld moisture  
tester that offers accurate test weight

RRP - £620.00

## Sinar AP6060 - 2014 Model

MCal starter kit, filling Hopper,  
Hectolitre Cylinder & Carry Case

Whole Grain Moisture Analyzer

READY CALIBRATED FOR UK CEREALS,  
OSR AND PULSES

SPECIAL  
OFFER

RRP - £1295.00 SPECIAL - Enquire 'Special Offers'

## Sinar Grainspear 6300

for instore Moisture & Temp probe,  
for rapid accurate results.

RRP - £649

SPECIAL OFFER - £595.00
